APPLICATION TO TUTOR

Name _____ Date _____

Phone _____ Email _____

Major _____

Year in school: Fr   So   Jr   Sr   Grad   Other

Term and year in which you are available to start:

Fall _____   Spring _____   Summer _____

Have you applied for work study? _____   Have you been awarded work study? _____

Do you have a job on campus? _____   If so, with what department? _____

Why are you interested in tutoring?

What programming languages are you comfortable with?

Do you have any experience with data structures, algorithms or computational discrete structures?

Describe any previous tutoring experience you have had:

Name one UCCS *math, science, computer science or engineering faculty member* to serve as a reference:

Interview Requirement

Upon interviewing, you will be asked to explain how to answer two math questions as if you were tutoring a student. You may be asked to present your explanations verbally in front of a small group. The questions will be drawn from College Algebra (factoring, simplifying, solving equations), Trigonometry (basic trig definitions, identities), Calculus I or Calculus II (integration and differentiation).

Academic Coursework

CS Courses	Grade		Math-Related Courses*	Grade

*Some examples of Math-Related Courses are math, physics, engineering courses, and logic.

Are you comfortable tutoring math or physics?
